

# Letter to Santa

Dear Santa, I haven't written to you in a long time, but I have a couple special requests this year.

I don't need any gifts (although they're appreciated!) What I'd really like, Santa, is what I pray for every night.

1.) please keep my children and grandchildren & our loved ones safe & healthy & close to one another; 2.) help us to forgive each other for any hurts or transgressions we may have unintentionally caused each other; and 3.) keep me on a healthy path of using my talents the way you want me to in this lifetime.

And one more wish, if I may, Santa? We haven't all been together since the wonderful birthday celebration they surprised me with in 1997. Maybe you can help arrange for all of us to be together again this coming summer of 2001?

Thank you for your help, and travel safe, Santa.
